Versatility and Value Combined

Dormer Pramet is a leading global manufacturer of cutting tools, specializing in high-quality solutions for the metalworking industry. Known for its innovative approach, Dormer Pramet offers a wide range of turning inserts designed for precision, durability, and versatility across various machining

applications. With a rich history of engineering expertise and a commitment to customer satisfaction, their products deliver exceptional performance, helping businesses enhance productivity and reduce operational costs.

Limited-Time Promo

Steiner Electric, in partnership with Dormer Pramet, is excited to offer a special promotion on select turning inserts, combining versatility and value for your machining needs. **Buy 30 turning inserts and get 10 FREE!** This promotion applies to the following insert styles: CCMT, CNMG, DNMG, SNMG, VNMG, and WNMG. You'll have the flexibility to choose from different grades and chip breaker combinations, ensuring the best fit for your application. Free inserts will be of equal or lesser value to the purchased ones. To claim this offer, contact a Steiner representative at **1-800-323-TOOL** (8665) or via the form below. Don't miss out—*this offer ends on December 31, 2024!*

For more info on Dormer Pramet Turning Inserts Promo call **1-800-323-TOOL** (8665) to speak with a Steiner Metalworking Representative.

STEINER
steinerelectric.com

Steiner Electric – Who we are Steiner is a full-line electrical and metalworking distributor that serves the commercial construction, industrial and OEM markets in the greater Chicago area. We pride ourselves on having in-house experts and access to our vendor’s experts to help with innovation, process improvement and machine performance.

We have developed extensive digital tools that help our customers to easily connect with our personnel and products in order to get information and deliveries quickly and easily. Our customer portal is designed to help get answers and tasks completed quickly. We believe that our digital experience is just as important as interacting with us in-person. Our delivery solutions are focused on improving a customer’s efficiency when receiving material. We have solutions that deliver at specific times or provide material based on the needs of the project.

Commercial Construction

Servicing the electrical contractors and building maintenance personnel.

Industrial End User

Servicing steel mills, metal shaping and forming, manufacturing plants, food processing, industrial and commercial warehousing, data-centers.

OEM

Helping machine builders innovate and automate packaging, material handling, manufacturing and assembly.

The Power of Expertise

Access local and global product and application experts to innovate and improve business outcomes.

The Power To Connect

Access information on products, order status, sales personnel and more in an instant to meet the speed of business.

The Power to Deliver

Your material and solutions provided in a way that improves your efficiency.
