STEINER
steinerelectric.com

STEINER

Steiner Electric – Who we are Steiner is a full-line electrical and metalworking distributor that serves the commercial construction, industrial and OEM markets in the greater Chicago area. We pride ourselves on having in-house experts and access to our vendor’s experts to help with innovation, process improvement and machine performance.

We have developed extensive digital tools that help our customers to easily connect with our personnel and products in order to get information and deliveries quickly and easily. Our customer portal is designed to help get answers and tasks completed quickly. We believe that our digital experience is just as important as interacting with us in-person. Our delivery solutions are focused on improving a customer’s efficiency when receiving material. We have solutions that deliver at specific times or provide material based on the needs of the project.

Commercial Construction

Servicing the electrical contractors and building maintenance personnel.

Industrial End User

Servicing steel mills, metal shaping and forming, manufacturing plants, food processing, industrial and commercial warehousing, data-centers.

OEM

Helping machine builders innovate and automate packaging, material handling, manufacturing and assembly.

The Power of Expertise

Access local and global product and application experts to innovate and improve business outcomes.

The Power To Connect

Access information on products, order status, sales personnel and more in an instant to meet the speed of business.

The Power to Deliver

Your material and solutions provided in a way that improves your efficiency.
