

Variable Frequency Drives

Achieve enhanced system performance, increased uptime, extended motor lifespan, and energy savings through Steiner's comprehensive Variable Frequency Drives (VFDs) capabilities. Our in-house technical team stands ready to assist you in selecting the optimal solution for your AC or DC drive requirements. We proudly offer products from

leading industry manufacturers, such as Siemens, Square D, Yaskawa, WEG, and KB Electronics. VFDs provide adaptable scalability to accommodate both basic and complex applications. Additionally, if you're seeking a motor/drive package, rest assured that we have established partnerships with top-tier motor manufacturers in the industry.

AC DRIVES

- Siemens
- Square D by Schneider Electric
- Yaskawa
- WEG
- KB Electronics

AC DRIVES

DC DRIVES

- Siemens
- KB Electronics

DC DRIVES

DRIVE SERVICES

- Factory Authorized Start-up and Warranty Service Center
- Troubleshooting
- Programming
- Emergency services

DRIVE SERVICES

ACCESSORIES

- **Keypad modules**
- **Communication modules**
- **Line and load reactors**
- Handheld quick programmers
- AC and DC line reactor products for power problems, sensitive electronic environments and stiff power grids
