

S-CLASS® FISH TAPE

HIGH STRENGTH

S-Class® Fiberglass Fish Tape provides a non-conductive tape material and features a machined eyelet for strength or a Gold-Fish® high flexibility leader for ease of navigating complex conduit runs. A high quality fiberglass core provides column strength for excellent pushing and pulling capability, with a round jacket assisting in feeding through runs with multiple bends or in multiple planes. The S-Class Fiberglass Fish Tape is available in two end styles in 100' and 200' lengths.

Features:

- S-Class® fiberglass core for excellent strength and pushing power
- Machined metal eyelets or Gold-Fish flexible leader options available on all lengths
- Smooth nylon jacket protects fiberglass and provides a low-friction surface for navigating bends
- Round shape provides omni-directional pushing through tough bends
- 3/16" diameter with pulling strength of 500 lbs.

Gold-Fish® Leader

High flexibility for hard-to-navigate areas

Tuff-Grip™ Pro Handle

Durable case with full perimeter handle band that helps keep dirt & moisture out while withstanding multiple drops from 25' onto concrete.

Excellent Strength

Strong fiberglass core provides omni-directional pushing through tough bends
