

# RAB®

## T8 CCT Adjustable Tubes

1 SKU with 10 options: RAB's CCT-adjustable hybrid A/B tubes take all of the guesswork out of projects. Easily select your color temperature and choose your installation type in the field. These tubes can be used as plug-and-play (Type A) or as direct wire (Type B) and can be wired either single or double-ended.

### Maximized Flexibility

Field-adjustable CCT offers five color temperatures to choose from, giving you the flexibility and control you need in the field, both during and after installation.

### Key Features:

- Direct replacement for fluorescent lamps: F32T8/32W, F32T8/30W, F32T8/28W, F32T8/25W.
- TYPE A - plug-and-play compatible with most common commercial T8 electronic ballasts.
- 5 color temperatures in 1 SKU (3000K, 3500K, 4000K, 5000K, 6500K).
- TYPE B - can be wired directly to line voltage 120-277V. Can be wired using single- or double-ended method.
- Works with both shunted and non-shunted sockets.
- Rated for use in enclosed fixtures in dry or damp locations 50,000-Hour lifespan.

**STEINER**  
steinerelectric.com

**Steiner Electric – Who we are** Steiner is a full-line electrical and metalworking distributor that serves the commercial construction, industrial and OEM markets in the greater Chicago area. We pride ourselves on having in-house experts and access to our vendor’s experts to help with innovation, process improvement and machine performance.

We have developed extensive digital tools that help our customers to easily connect with our personnel and products in order to get information and deliveries quickly and easily. Our customer portal is designed to help get answers and tasks completed quickly. We believe that our digital experience is just as important as interacting with us in-person. Our delivery solutions are focused on improving a customer’s efficiency when receiving material. We have solutions that deliver at specific times or provide material based on the needs of the project.

**Commercial Construction**

Servicing the electrical contractors and building maintenance personnel.

**Industrial End User**

Servicing steel mills, metal shaping and forming, manufacturing plants, food processing, industrial and commercial warehousing, data-centers.

**OEM**

Helping machine builders innovate and automate packaging, material handling, manufacturing and assembly.

**The Power of Expertise**

Access local and global product and application experts to innovate and improve business outcomes.

**The Power To Connect**

Access information on products, order status, sales personnel and more in an instant to meet the speed of business.

**The Power to Deliver**

Your material and solutions provided in a way that improves your efficiency.
